Breakfast Program

Thank you to Tracy Carrier for the crunchy grapes and for the bread last Friday. Also, thanks to Becky Joudrey for the breakfast muffins! The students loved them.

The Incredible Years Program

Dr. JC Wickwire Elementary School is excited to offer a FREE training program this winter designed to prevent and treat behavior problems in young children and strengthen relationships between caregivers and children. Space is limited to 14 adults! Register soon! The SchoolsPlus Program Team from the South Shore Regional School Board has selected Dr. JC Wickwire as the location where The Incredible Years Program will be offered. When: Mondays from 10 - 11:30 am at Dr. JC Wickwire Elementary School, beginning February 27th. This program is sponsored by the Queens Health Board, snacks will be provided. Please advise if you anticipate needing financial assistance with transportation and/or childcare. To register; call or text Shannon Vincent at (902) 523-1451 or email: svincent@ssrsb.ca Please note there will be a session located in Greenfield at a later date.

Lunenburg County Multisport

Lunenburg County Multisport is a collaborative project, for children in grades two and three, between seven community sport organizations and one municipal recreation department, with the support of numerous community sport stakeholders (locally, provincially and nationally).

Their vision is to grow children through sport by providing opportunities to develop the skills and confidence to enjoy the positive benefits of a quality, first experience. Each lesson focuses on skill development through physical literacy and fun, setting the ground work for a love of sport and an 'I can play anything!' attitude. Physical literacy comes from developing a wide variety of fundamental movement skills such as running, throwing, catching and jumping. To develop these skills, our kids need to play different sports and activities from an early age - it's a win-win!

All sessions will be facilitated by recreation program coordinators and delivered by volunteer community sport organizations. Children must be in grade two or grade three to participate in the program. Registrations will be accepted between 8:30 am on Tuesday, January 3, 2017 and 4:30 pm on Friday, February 3, 2017.

Program cost will be \$150/participant for the entire three and a half month program. Payment options will be available and PRO KIDS funding is available through your local Recreation Department.

If registration exceeds capacity (30 participants), participants will be chosen by random draw from submitted registrations.

Parents/guardians will be notified by email by February 10, 2017 about the status of their child's registration (accepted or not). Those chosen will have until 4:30 pm on Friday, February 24, 2017 to submit payment (cash or cheque) and waiver form (sent with confirmation email).

If a participant is chosen but payment and waiver are not received by Friday, February 24 the participant's spot will be given to the first person on the waiting list.

Please contact the school for registration forms. For more information or to register:
