

GREENFIELD SCHOOL SOCIETY
Minutes
September 14, 2016

Greenfield Recreation committee representatives were unable to attend, but had spoken with the teachers at the school regarding their concerns, it was decided that they will only be charging those students participating in gymnastics a membership fee in the amount of \$30.

Norcard, now called Dieleman Fundraising, books were reviewed. Tracy and Natasha will be running the fundraiser.

This year we did decide to assign members of the board roles to help with communication with the parents of Greenfield Elementary.

Chair/secretary: Jennifer Freeman
Treasurer: Natasha Slauenwhite

The firefighters will be attending the school again this year for fire prevention week, the teachers suggested instead of a meal that they would like a cake and present them with a donation from the GSS.

Terry fox run will be held on Sept. 23. The kids will be walking to the scout camp and have a BBQ, then walk back to the school.

The teachers have booked a field trip for October 7 to go to Noggins Farms. The GSS will pay for the bussing.

A request was made by the teachers to have a phone tree in place to help with calling parents when there is an unexpected dismissal from school.

A request was made to build a greenhouse for the school to further enhance the children's life skills of growing your own foods. Curtis made a suggestion of building one with reused windows. The teachers are looking for the support of the GSS to help with their efforts. Jennifer is to send home a newsletter to parents looking for their help too with the possibility of forming a group.

Gracie Labrador was the winner of the GES scholarship at graduation

A donation to the recreation association was discussed, it was suggested to continue what was given in past years and make a donation.

It was discussed to have a winter dance, which would be DJ'd by Joey and Tara Fiander. We will revisit this.

Next meeting: October 12 at 6:30 pm
